

NoteCharge 5 Ports, USB-A

12 watts available per USB-A port

NoteCharge USB-A 5 charging solution with 5 ports.

The perfect "charging hub" for use during breaks at schools, meeting breaks or similar situations, where you want fast charging of devices that require up to 12W USB-A charger capacity.

NoteCharge is USB-A charging for tablets, iPads, mobile phones and other devices with a USB port. Up to 5 devices receive fast charging via 5 x USB-A ports at once – all depending on the charging capacity needs per device.

All ports charge with 2.4 amp for maximum power output. NoteCharge has a built-in safeguard to prevent the NoteCharge from overheating.

NoteCharge can also be integrated into a wide range of our products, such as NoteCase, NoteCart, NoteBox and NoteBag. By using NoteCharge you can charge all your USB-A devices quickly.
