

NoteCharge 5 Ports, USB-A&C

27 watts available per device per USB-A port - in average
30 watts available per device per USB-C port - in average

NoteCharge USB-A&C 5 charging solution with 5 ports.

The perfect "charging hub" for use during breaks at schools, meeting breaks or similar situations, where you want fast charging of devices that require up to 30W USB-C charger capacity.

Up to 5 devices receive fast charging via 5 x USB-C ports at once – all depending on the charging capacity needs per device. These devices will typically be laptops, Chromebook and larger tablets which have been used for playing movies, YouTube clips or made other power-intensive things such as online meetings for a relatively long time at the beginning of the school or office day. To last with enough power for the rest of the day these devices can get a quick charge with the NoteCharge USB-C 5 charging station.

Finally, the NoteCharge 5 Ports, USB-C is flexible and capable of charging via 5 x USB-A ports as well.

NoteCharge 5 Ports, USB-A&C Solutions

• NoteCharge 5 Ports, USB-A&C charging electronics ensure intelligent charging of the batteries. The charging electronics support intelligent PD standards in USB charging where the charger communicates with the devices and protects them from over-charging which optimize battery life. For example, charging stops when the devices' batteries are fully charged.

• The 5 x USB-C ports deliver maximum 30 watts per port in average when all 5 ports are in use at the same time.

• The 5 x USB-A ports deliver maximum 27 watts per port in average when all 5 ports are in use at the same time.

• Despite being equipped with 5 x USB-A ports and 5 x USB-C ports the NoteCharge USB-C 5 charging hub never allows charging with more than 5 ports at the same time. This can be a random mix of USB-A and USB-C ports.

DEVICES

Tablets, iPads and similar devices with USB-C and USB-A plugs.

VARIANTS

- 1) NoteCharge 6 Ports, USB-C (Schuko plug), 20 W intelligent power delivery
- 2) NoteCharge 10 Ports, USB-C (Schuko plug), 65 W intelligent power delivery

ACCESSORIES

Cables:

Cable bundles designed for NoteCharge 5

- 1) NoteCable, 5 x Woven flatline cable, USB-A to Lightning 8pin, Length - 0.50 meters.
Model: NBDL-5-UA-8P-0.5
- 2) NoteCable, 5 x Woven flatline cable, USB-C to Lightning 8pin, Length - 0.50 meters.
Model: NBDL-5-UC-8P-0.5
- 3) NoteCable, 5 x Woven flatline cable, USB-C to USB-C, Length - 0.75 meters.
Model: NBDL-5-UC-UC-0.75

ITEM NUMBER

NoteCharge 5 Ports, USB-A&C (Schuko plug)
Model NCHAR-UC5-150W-SC

1. NoteCharge 5 Ports, USB-C with 5 x USB-C ports and 5 x USB-A ports ready for charging.
2. NoteCharge 5 Ports, USB-C with USB-C cable
3. NoteCharge 5 Ports, USB-C with USB-A cable
4. Backside of NoteCharge 5 Ports, USB-C charger
5. NoteCharge 5 Ports, USB-C charges 2 x iPad Pro

NoteCharge 5 Ports, USB-A&C

Technical specifications

Part Number: NCHAR-UC5-150W-SC

EXTERIOR DIMENSIONS

Width	152 mm
Depth	94 mm
Height	46 mm

WEIGHT 0,485 kg

CONNECTING CABLE 1,5 metre Input C7 connect standard Schuko

USB-A OUTPUT * DC 3.6V-9V3A/9.2-12V/2.25A, 27W each port in average when all 5 ports in use at the same time. Up to 90W on one port and 150W totally on all 5 ports when in use at the same time. QC 3.0 Qualcomm quick charge 3.0

USB-C OUTPUT * DC 5V/9V3A/12V2.5A/15V2A/20V1.5A 30W each port in average when all 5 ports in use at the same time. Up to 90W on one port and 150W totally on all 5 ports when in use at the same time. PD 3.0 USB-C power supply 3.0

DISPOSAL According to local standards

SECURITY Overcurrent
Over-voltage
Short circuit protection
Overheat protection

VENTILATION Passive

LED INDICATOR ON/OFF power on

ON/OFF SWITCH No

WEIGHT PACKED 0,6 kg

PACKAGING 225x165x75

* USB-A and USB-C ports above each other can't be used at the same time

Certifications
CE, RoHS, FCC

Guarantee
2 years on the electrical components, 5 years on the body
